Title: NETWORKS WITH SENSORS FOR AIR SAFETY AND SECURITY

FOR ELECTRONIC FILING

AMENDMENT TRANSMITTAL LETTER

Bellevue, Washington 98004

November 17, 2006

TO THE COMMISSIONER FOR PATENTS:

A. Amendment Transmittal

Transmitted herewith is an amendment in the above-identified patent application.

1. No additional claim fee is required, as shown below.
X 2. The claim fee has been calculated, as shown below.
X 3. Fees, as calculated below, in the amount of \$1050, will be charged to a credit card during electronic submission.

B. Notice of Large Entity Status

When the above-identified patent application was filed, small entity status was claimed on the application transmittal letter. While the assignee previously qualified for small entity status, recent organizational changes implemented by the assignee mean that assignee no longer qualifies for such status. The claim for small entity status in the previously submitted application transmittal letter was made without deceptive intent. It is respectfully requested that the application file be updated to reflect that this application is subject to large entity fees. As the application was filed incomplete, no fees were paid at the time of filing. The fees submitted with this response are calculated at the **large entity** rate.

C. Request for Constructive Petition for Extension of Time

It is requested that any concurrent or future reply submitted in the present application requiring a petition for an extension of time under 37 CFR 1.136(a)(3) for timely submission be treated as incorporating a petition for extension of time for the appropriate length of time. It is also requested that any additional required fees under § 1.17, including all required extension of time fees, be charged to Deposit Account No. 01-1940, thereby constructively petitioning for any necessary extension of time to maintain the present application in a pending state.
